

Ashland Community and Technical College

Mission Statement/Status of Accreditation

Ashland Community and Technical College is a comprehensive institution of higher education that for a diverse population changes lives through education and training. It provides learning experiences for those preparing for an occupation upon graduation, for those transferring to a baccalaureate institution, and for those in the workforce seeking to enhance their knowledge and skills. The comprehensive college offers programs leading to the awarding of continuing education units, certificates, diplomas, and associate degrees. These programs and services are flexible, adaptable, and accessible through partnerships with other institutions and the use of technology.

As a committed partner in community and workforce development and the continuous search for excellence, Ashland Community and Technical College offers diverse learning opportunities from liberal arts education to sophisticated technical programs. The college serves the community at large by offering basic skills education for adults, by supporting economic development through services to business and industry, and by providing programs and services that enhance the quality of life for the citizens of the Tri-State service area.

Committed to excellence and dedicated to the belief in the dignity, worth, and uniqueness of each individual and the fundamental right of each person to realize his or her fullest potential, Ashland Community and Technical College encourages student success by maintaining a learning environment that fosters effective communication, personal enrichment, professional and intellectual growth, and career and decision-making skills. The college further provides a physical and intellectual environment for the faculty, staff, and student body that promotes cultural, ethnic, racial, and gender diversity.

Ashland Community and Technical College is a member of the Kentucky Community and Technical College System and is a public, two-year, degree-granting institution serving the FIVCO (northeastern) Region of Kentucky.

Ashland Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Ashland Community and Technical College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Big Sandy Community and Technical College

Mission Statement/Status of Accreditation

As a member of the Kentucky Community and Technical College System (KCTCS), Big Sandy Community and Technical College is a public, comprehensive educational institution that provides access to educational, cultural, and social opportunities for residents of the Big Sandy Region, which includes Floyd, Johnson, Magoffin, Martin, and Pike counties.

The College is a dynamic learning centered institution dedicated to a belief in the dignity, worth, and uniqueness of each individual and a person's right to achieve his or her fullest potential. Based on this belief, the College maintains a living and learning environment that promotes diversity and global awareness, fosters open educational opportunities, and ensures the efficient operation of the College.

Utilizing diverse methods of instructional delivery, the College provides learning experiences for those preparing for immediate entry into the workforce upon graduation, for those transferring to a baccalaureate institution, and for community members seeking to enhance their knowledge and skills.

The College offers programs and courses of study in general, developmental, technical, and career education; student development; community and public service; and lifelong learning. Through these programs and courses, the College awards continuing education units, diplomas, certificates, and associate degrees consistent with the comprehensive nature of the institution.

The College provides an environment for students, faculty, staff, and the community that encourages effective communication; freedom of expression; cultural awareness and enrichment; professional and intellectual growth; personal assessment; informed decision-making; problem solving; environmental awareness; and analytical, critical, and ethical thinking.

Big Sandy Community and Technical College exists to:

- Provide a dynamic, public, comprehensive community and technical college education to residents of the region.
- Promote excellence in teaching, learning, and other college services to ensure that each student has the opportunity to attain his or her fullest potential, whether through preparation for transfer to a baccalaureate program, immediate transition to the workforce, or increased skills for lifelong learning.
- Provide residents of the region increased access to innovative educational, social, and cultural opportunities using various methods of delivery.
- Foster student development, community and public service, and lifelong learning to enhance the region.
- Promote and encourage economic growth and community development through new and existing partnerships with business, industry, government, community agencies, and educational institutions.
- Integrate appropriate technology throughout instructional, administrative, and operational services.
- Provide a cooperative and healthy environment that encourages open communication, freedom of expression, cultural awareness and enrichment, professional and intellectual growth as well as valuing analytical, critical, and ethical thinking.
- Ensure efficient and productive management of the College's human, fiscal, and physical resources.
- Assess, for purposes of continued improvement, the effectiveness of

services to students, faculty, staff, and the community.

- Assist individuals in achieving personal and educational goals.
- Serve the College's diverse population.
- Expand programs and course offerings in general, developmental, technical, and career education.
- Provide access to library/learning resources and services.
- Enhance the image of the College through public relations activities.
- Provide clean, accessible, and safe campuses.
- Secure external funding to support identified needs.

Big Sandy Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Big Sandy Community and Technical College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

 Wells, Mark A, Professor, MA, Eastern Kentucky University, 1995
 Wilson, Linda, Instructor, BS, East Tennessee State University, 2007

Bluegrass Community and Technical College

Mission Statement/Status of Accreditation

With students at the heart of our mission, the Bluegrass Community and Technical College provides open access to excellence in teaching and learning. Through comprehensive and responsive programs and services, we sustain a strong partnership with the community to improve economic vitality and quality of life in the region.

In pursuit of our mission, the Bluegrass Community and Technical College provides the following:

- Certificate, diploma, associate degree, and transfer programs
- Developmental education programs
- Adult education programs
- Workforce and business and industry customized training programs
- Continuing education and community outreach
- State-of-the-art technology
- Student and customer-centered support

Bluegrass Community and Technical College was formed in 2005 following the consolidation of Central Kentucky Technical College and Lexington Community College. Bluegrass Community and Technical College is a member of the Kentucky Community and Technical College System and is a public two-year degree granting institution serving the Bluegrass region of Kentucky.

Bluegrass Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Bluegrass Community and Technical College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Academic Programs

Transfer Curricula

- Associate in Arts
- Associate in Science

Occupational/Technical Curricula

Occupational/Technical Curricula: The program listing represents broad groups of instructional programs offered by the college. Individual certificate (C), diplomas (D) and Associate in Applied Science (A) degree curricula in each group are noted by C, D and A in parenthesis.

- Air Conditioning Technology (C, D, A)
- Architectural Technology (A)
- Automotive Technology (C, D, A)
- Building and Apartment Maintenance (C)

Business Studies:

- Medical Information Technology (C, D, A)
- Office Systems Technology (C, D, A)
- Business Technology (A)
- Civil Engineering Technology (A)
- Clinical Laboratory Technology (C)
- Collision Repair Technology (C, D)
- Computer Aided Drafting and Design (C, D, A)
- Computer Information Systems (A)
- Construction Technology (C, D, A)
- Cosmetology (C, D)
- Dental Assisting/Dental Hygiene (C, D)
- Dental Hygiene (A)
- Dental Laboratory Technology (C, A)
- Diesel Technology (C)
- Education (C, A)
- Engineering Technology – Electrical (A)
- Environmental Science Technology (A)
- Environmental Technology (C, D)
- Equine Studies (C, A)
- Fire/Rescue Science Technology (C, D, A)
- General Occupational/Technical Studies (A)
- Geographic Information Systems Technology (C)
- Human Services (C, A)
- Information Management and Design (C, A)
- Information Technology (C, A)
- Interdisciplinary Early Childhood Education (C, D, A)
- Machine Tool Technology (C, D, A)
- Manufacturing Industrial Technology: Electrical Technology (C, D, A)
- Manufacturing Industrial Technology: Engineering Technology (C, D, A)
- Manufacturing Industrial Technology: Industrial Maintenance Technology (C, D, A)
- Medical Assisting (C, D, A)
- Nuclear Medicine and Molecular Imaging Technology (A)
- Nursing (A)
- Practical Nursing (C, D)
- Radiography (D, A)
- Respiratory Care (C, A)
- Security Management (C)
- Surgical Technology (D, A)
- Visual Communication: Filmmaking Script to Screen (C)
- Welding Technology (C, D, A)

Bowling Green Technical College

Mission Statement/Status of Accreditation

The mission of Bowling Green Technical College is to provide education and training to foster regional economic growth and prosperity by serving as the primary provider of:

- Certificates, diploma, and two-year degree programs.
- Workforce training to meet the needs of existing and new businesses and industries.
- Remedial and continuing education.
- Short-term, customized training for business and industry.
- Adult Education and Family Literacy.
- Associate Services.

Bowling Green Technical College, a member of the Kentucky Community and Technical College System, is a public, two-year degree granting institution serving the south central region of Kentucky.

Bowling Green Technical College is accredited by the Commission of the Council on Occupational Education, 41 Perimeter Center East, NE, Suite 640, Atlanta, Georgia 30346, telephone number 770-396-3898.

Academic Programs

Occupational/Technical Curricula

Occupational/Technical Curricula: The program listing represents broad groups of instructional programs offered by the college. Individual certificate (C), diploma (D), and Associate in Applied Science (A) degree curricula in each group are noted by C, D, and A in parenthesis.

- Air Conditioning Technology (C, D, A)
- Automotive Technology (C, D, A)
- Business Studies:
 - Medical Information Technology (C, D, A)
 - Office Systems Technology (C, D)
- Collision Repair Technology (C, D)
- Computer Aided Drafting and Design (C, D)
- Construction Technology (C, D)
- Culinary Arts (C, D, A)
- Diagnostic Medical Sonography (C, D, A)
- Fire/Rescue Science Technology (C, D, A)
- General Occupational/Technical Studies (A)
- Information Technology (C, A)
- Machine Tool Technology (C, D, A*)
- Manufacturing Industrial Technology: Electrical Technology (C, D)
- Manufacturing Industrial Technology: Engineering Technology (C, D, A)
- Manufacturing Industrial Technology: Industrial Maintenance Technology (C, D, A)
- Medical Administrative Services (C)
- Nursing (A)
- Practical Nursing (C, D)
- Radiography (A)
- Respiratory Care (C, A)
- Surgical Technology (D, A)
- Welding Technology (C, D)

*Pending KCTCS Board of Regents approval 6-08

Elizabethtown Community and Technical College

Mission Statement/Status of Accreditation

Elizabethtown Community and Technical College (ECTC) is a comprehensive open access community and technical college that prepares people to live and work in a constantly changing world. ECTC accomplishes its mission by providing:

- Associate in arts and associate in science degree programs and courses to provide students with the opportunity to complete the first two years of a baccalaureate degree program.
- Associate in applied science degree, diploma, and certificate programs, as well as courses to prepare individuals to excel in a complex workforce.
- Continuing education, short-term customized training for business, industry, and government agencies designed to strengthen the workforce and to expand the life skills, knowledge, and cultural enrichment of the community.
- Developmental education courses to prepare individuals for success in transfer and technical courses.
- Associated services including library services, cultural and enrichment opportunities, assessment, information technology resources, and other services that support student development and success.

Elizabethtown Community and Technical College, a member of the Kentucky Community and Technical College System, is a public, comprehensive learning community serving north central Kentucky.

Elizabethtown Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Elizabethtown Community and Technical College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Gateway Community and Technical College

Mission Statement/Status of Accreditation

Gateway Community and Technical College is committed to providing high quality, affordable, accessible, and inclusive postsecondary education and training resulting in a positive contribution to the economic vitality of the region and enhanced quality of life for the citizens.

The college implements its mission through partnerships with school districts, colleges, universities, business and industry, and the community at large as part of a seamless system of education for the region. The college specifically provides the following:

- Certificate, diploma, associate degree, and transfer programs.
- Developmental, adult, and continuing education.
- Workforce and customized training.
- Support services for the enhancement of student learning and success.

Gateway Community and Technical College is a member of the Kentucky Community and Technical College System and is a public two-year degree granting institution serving the Northern Kentucky Region.

Gateway Community and Technical College is accredited by the Commission of the Council on Occupational Education, 41 Perimeter Center East, NE, Suite 640, Atlanta, Georgia 30346, telephone number 770-396-3898.

Gateway Community and Technical College is a candidate for accreditation with the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4501 for questions about the status of Gateway Community and Technical College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Hazard Community and Technical College

Mission Statement/Status of Accreditation

Hazard Community and Technical College delivers accessible, high-quality education by providing academic programs, technical education, and training in a learning-centered environment. The College provides learners with varied experiences while supporting their transfer to other colleges and universities; training for employment; entrepreneurial, economic, cultural, and leadership opportunities; and collaborative efforts with other schools and institutions.

Hazard Community and Technical College values excellence in teaching, lifelong learning, and service with the highest regard for ethics and the dignity of work, the heritage of Appalachia, and a shared appreciation for cultural diversity.

Hazard Community and Technical College, a member of the Kentucky Community and Technical College System, is a public, comprehensive learning community serving southeastern Kentucky.

Hazard Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Hazard Community and Technical College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Henderson Community College

Mission Statement/Status of Accreditation

In 1960, the University of Kentucky, a public land grant institution, established the Northwest Extension Campus in Henderson, Kentucky. In 1962, the Kentucky General Assembly authorized the formation of a statewide system of community colleges to be operated by the University of Kentucky (UK). The University of Kentucky Community College System (UKCCS) was established in 1964, and the Northwest Extension was renamed Henderson Community College (HCC) and became one of the seven charter institutions.

In 1997, the Kentucky Postsecondary Education Improvement Act created the Kentucky Community and Technical College System (KCTCS). This new system combined the UK Community Colleges with Kentucky Technical Colleges under the direction of the KCTCS Board of Regents.

The mission of Henderson Community College is to:

- Provide general education curriculum for the first two years of a baccalaureate program (associate of arts and associate of science degrees).
- Offer technical programs to prepare students for immediate employment (certificates, diplomas, or associate in applied science degrees).
- Provide continuing education; adult education; cultural opportunities; and customized training for the general public, area employers, and the local workforce.

Institutional Goals:

To fulfill its mission, the college has adopted four institutional goals to coincide with the KCTCS goals. The goals of HCC are as follows:

- Promote Excellence in Teaching and Learning
- Increase Student Access and Success
- Expand Diversity and Global Awareness
- Enhance the Economic Development of Communities and the Commonwealth

Henderson Community College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Henderson Community College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Hopkinsville Community College

Mission Statement/Status of Accreditation

Hopkinsville Community College is a student-centered educational institution that provides accessible, innovative, and comprehensive learning opportunities within a supportive community that encourages academic excellence. The college sustains strong educational, community, military, and economic partnerships to improve the quality of life in its service area and beyond.

Hopkinsville Community College promotes excellence in teaching and learning by offering:

- Degree, diploma, and certificate programs and courses that enable students to:
 - Transfer to four-year institutions.
 - Acquire the knowledge and skills for new or continued employment.
 - Function effectively as citizens in a global society.
- Customized business and industry training.
- Continuing education and community outreach.
- An environment that supports intellectual, cultural, racial, and ethnic diversity.
- Developmental, academic, and support services that promote student success.
- Lifelong learning through individual enrichment and cultural expression.

Hopkinsville Community College is a member of the Kentucky Community and Technical College System and is a public, two-year, degree granting institution serving the South Central Region of Kentucky.

Hopkinsville Community College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Hopkinsville Community College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Jefferson Community and Technical College

Mission Statement/Status of Accreditation

Jefferson Community and Technical College is a public, comprehensive, postsecondary institution awarding certificates, diplomas, and associate degrees. The college provides open access to affordable, quality education and training for a diverse community of students; promotes opportunities for lifelong learning and success through its programs and services; and supports the attainment of statewide educational goals.

Jefferson Community and Technical College is a member of the Kentucky Community and Technical College System with multiple campuses and locations in Jefferson, Shelby, Carroll, Bullitt, Gallatin, Henry, Oldham, Owen, Spencer, and Trimble Counties.

College Goals

Jefferson Community and Technical College fulfills its mission through the following goals:

1. Promote excellence in teaching and learning through all college services.
2. Provide occupational/technical (AAS, Diploma, Certificate), transfer (AA, AS), and developmental educational programs.
3. Provide seamless education opportunities through educational and community partnerships.
4. Provide a safe and accessible learning and working environment.
5. Exercise efficient and responsible stewardship of the college's human, fiscal, and physical resources.
6. Provide workforce and economic development through agreements with business and industry.
7. Promote diversity within the college learning and working environment.
8. Increase student access to learning through the use of technology and alternative delivery options.
9. Promote public awareness of the value of postsecondary education and Jefferson Community and Technical College's role in expanding employment opportunities and enhancing the quality of life for all citizens.

Jefferson Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Jefferson Community and Technical College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Madisonville Community College

Mission Statement/Status of Accreditation

Madisonville Community College, a member of the Kentucky Community and Technical College System, is a public comprehensive community college in the Madisonville Community and Technical College District. It is the mission of Madisonville Community College:

- To offer curricula for the first two years of a baccalaureate program which lead to the awarding of the Associate of Arts or Associate of Science degree and which are transferable to all colleges and universities, public and private, in the Commonwealth;
- To offer curricula for two-year, career oriented programs which lead to the Associate in Applied Science degree and which prepare students for immediate technical or semi-professional employment;
- To offer curricula for technical diploma and certificate level programs which are not necessarily intended for transfer and which are designed to meet the changing demands of business and industry;
- To offer courses in general education, including adult education, within a two-year curriculum, which are not necessarily intended to transfer nor are technically oriented;
- To provide customized training services to Kentucky employers; and
- To provide continuing education, professional development and personal enrichment opportunities to the public, and arts appreciation and arts education opportunities for the region—all for the purpose of encouraging life-long learning and improving the quality of life, knowledge and skills of Kentucky workers and citizens

Madisonville Community College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Madisonville Community College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Academic Programs

Transfer Curricula

- Associate in Arts
- Associate in Science

Occupational/Technical Curricula

Occupational/Technical Curricula: The program listing represents broad groups of instructional programs offered by the college. Individual certificate (C), diploma (D), and Associate in Applied Science (A) degree curricula in each group are noted by C, D, and A in parenthesis.

- Air Conditioning Technology (C, D)
- Business Studies:
 - Business Administration (C, D, A)
 - Medical Information Technology (C, D, A)
- Clinical Laboratory Technology (C, A)
- Computer Aided Drafting and Design (C, D)
- Construction Technology (C, D)
- Criminal Justice (A)
- Fire/Rescue Science Technology (C, D, A)
- General Occupational/Technical Studies (A)
- Human Services (C)

- Information Technology (C, A)
- Interdisciplinary Early Childhood Education (C, D, A)
- Machine Tool Technology (C, D, A)
- Manufacturing Industrial Technology: Electrical Technology (C, D, A)
- Manufacturing Industrial Technology: Engineering Technology (C, D, A)
- Manufacturing Industrial Technology: Industrial Maintenance Technology (C, D, A)
- Mining Technology (C, A)
- Nursing (A)
- Occupational Therapy Assistant (A)
- Physical Therapist Assistant (A)
- Practical Nursing (C, D)
- Radiography (D, A)
- Respiratory Care (A)
- Surgical First Assisting (C, A)
- Surgical Technology (C, D, A)
- Welding Technology (C, D)

Maysville Community and Technical College

Mission Statement/Status of Accreditation

Maysville Community and Technical College (MCTC) challenges learners to accomplish their educational, career, and personal development goals. Students gain skills and knowledge that enhance careers and improve quality of life. The college believes in the potential of each learner and strives to instill professional competence, civic responsibility, critical thinking, ethical awareness, and commitment to lifelong learning.

To meet the needs of students, employers, and communities, the college provides academic, technical, and literacy courses and programs; cultural activities; and personal growth opportunities. Students may earn associate degrees, diplomas, and certificates, improve basic skills, and access workforce and continuing education.

The college is public and comprehensive, serving primarily the northeastern Kentucky region. MCTC provides access to educational resources, both onsite and through distance technology. Faculty and staff create partnerships with schools, colleges, government and community agencies, and business and industry to meet college goals.

The Maysville Campus was founded through efforts of community leaders in 1968 as part of the University of Kentucky. The Rowan Campus in Morehead became a vocational institution in 1973. The Licking Valley Campus began with classes in Cynthiana in 1989. In 1997, the programs of the East Kentucky Correctional Complex in West Liberty became a part of the college. Additional instructional sites are added to address community needs. With the passage of the Kentucky Postsecondary Education Improvement Act of 1997, the college became a part of the Kentucky Community and Technical College System. In 2004, the campuses were joined under the name Maysville Community and Technical College.

Goals of the College:

1. Provide arts and science courses and associate degrees for transfer to baccalaureate institutions.
2. Offer technical degrees, diplomas, certificates, and courses for employment and career advancement.
3. Provide developmental education and adult education offerings.
4. Deliver workforce training and services to support individual growth, community development, and economic viability.
5. Offer multiple options for learning, using alternatives in location, scheduling, delivery, and instructional methods.
6. Assist learners to determine and accomplish their educational and career goals through access to information, assessment, advising, counseling, learning resources, and cultural and enrichment activities.
7. Enhance community partnerships through resource development, public relations, continuing education, and student activities.
8. Provide professional development opportunities for faculty and staff to enhance their skills to support learning.
9. Create a dynamic, diverse, safe, healthy, efficient, and effective learning environment through the use of financial, human, physical, and technological resources.

Maysville Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on

Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Maysville Community and Technical College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Academic Programs

Transfer Curricula

- Associate in Arts
- Associate in Science

Occupational/Technical Curricula

Occupational/Technical Curricula: The program listing represents broad groups of instructional programs offered by the college. Individual certificate (C), diploma (D), and Associate in Applied Science (A) degree curricula in each group are noted by C, D, and A in parenthesis.

- Advanced Nursing Assistant (C)
- Agricultural Technology (C)
- Air Conditioning Technology (C, D)
- Automotive Technology (C, D)
- Business Studies:
 - Business Administration (C, A)
 - Office Systems Technology (C, D, A)
- Collision Repair Technology (C, D)
- Computer Aided Drafting and Design (C, D)
- Construction Technology (C, D)
- Diesel Technology (C, D)
- Education (C)
- Energy Systems (C, A)
- Fire/Rescue Science Technology (C, D, A)
- General Occupational/Technical Studies (A)
- Horticulture (C, D)
- Information Technology (C, A)
- Interdisciplinary Early Childhood Education (C, D, A)
- Machine Tool Technology (C, D, A)
- Manufacturing Industrial Technology: Electrical Technology (C, D)
- Manufacturing Industrial Technology: Engineering Technology (C, D, A)
- Manufacturing Industrial Technology: Industrial Maintenance Technology (C, D)
- Medical Assisting (C, D)
- Nursing (A)
- Plastics Processing (C)
- Plumbing Technology (C)
- Practical Nursing (C, D)
- Real Estate (C)
- Respiratory Care (A)
- Surgical Technology (D)
- Welding Technology (C, D)

Owensboro Community and Technical College

Mission Statement/Status of Accreditation

The mission of Owensboro Community and Technical College is to educate, lead, and serve all citizens who choose to enhance their lives and community as lifelong learners by pursuing

- A comprehensive curriculum fulfilling the first two years of a baccalaureate program;
- A certificate, diploma, and/or associate degree;
- Customized business and industry training;
- Educational opportunities through Adult Basic Education, community service, continuing education, and professional development.

Owensboro Community and Technical College, a member of the Kentucky Community and Technical College System, is a public two-year degree granting institution serving the Daviess and surrounding counties of Kentucky.

Owensboro Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Owensboro Community and Technical College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Somerset Community College

Mission Statement/Status of Accreditation

Somerset Community College, a member of the Kentucky Community and Technical College System, is a public two-year degree granting institution serving the south-central region of Kentucky. The College offers students quality, affordable, and accessible educational experiences and associated services through campus-based and distance learning instruction to promote intellectual curiosity and lifelong learning and to encourage aesthetic awareness and social responsibility.

Somerset Community College will provide:

- Academic, general education, and technical curricula leading to certificates, diplomas, and associate degrees;
- A general academic curriculum of university-parallel courses and programs meeting requirements of the first two years of a baccalaureate degree;
- Technical and occupational curricula designed to meet current and future workforce needs;
- A comprehensive program of remedial and developmental education;
- Customized training to meet the changing needs of business and industry;
- Adult and continuing education; and,
- Associated services including, but not limited to, library services, cultural and enrichment opportunities, information technology resources, and appropriate student support services.

Somerset Community College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Somerset Community College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Academic Programs

Transfer Curricula

- Associate in Arts
- Associate in Science

Occupational/Technical Curricula

Occupational/Technical Curricula: The program listing represents broad groups of instructional programs offered by the college. Individual certificate (C), diploma (D), and Associate in Applied Science (A) degree curricula in each group are noted by C, D, and A in parenthesis.

- Air Conditioning Technology (C, D)
- Automotive Technology (C, D)
- Aviation Maintenance Technology (C, D, A)
- Business Studies:
 - Accounting Technology (C, D)
 - Business Administration (C, D, A)
 - Medical Information Technology (C, D, A)
 - Office Systems Technology (C, D, A)
- Clinical Laboratory Technology (C, A)
- Collision Repair Technology (C, D)

- Computer Aided Drafting and Design (C, D)
- Construction Technology (C, D)
- Cosmetology (C, D)
- Criminal Justice (A)
- Culinary Arts (C, D, A)
- Diesel Technology (C, D)
- Education (C, A)
- Fire/Rescue Science Technology (C, D, A)
- General Occupational/Technical Studies (A)
- Information Technology (C, A)
- Interdisciplinary Early Childhood Education (C, D, A)
- Locomotive Technology (C)
- Machine Tool Technology (C, D)
- Major Appliance Technology (C, D)
- Manufacturing Industrial Technology: Electrical Technology (C, D)
- Manufacturing Industrial Technology: Engineering Technology (C, A)
- Manufacturing Industrial Technology: Industrial Maintenance Technology (C, D, A)
- Masonry (C, D)
- Medical Assisting (C, D)
- Nursing (A)
- Pharmacy Technology (C, D)
- Physical Therapist Assistant (A)
- Plumbing Technology (C, D)
- Practical Nursing (C, D)
- Radiography (A)
- Respiratory Care (A)
- Surgical Technology (D, A)
- Visual Communication (C, D)

Southeast Kentucky Community and Technical College

Mission Statement/Status of Accreditation

Founded in 1960, Southeast Kentucky Community and Technical College is a public, comprehensive community and technical college under the governance of the Kentucky Community and Technical College System (KCTCS). The College serves the KCTCS Southeast district and provides:

- Associate in Arts and Associate in Science degree programs and courses designed to prepare individuals to succeed in baccalaureate programs at senior colleges and universities;
- Associate in Applied Science degree programs, certificate programs, diploma programs, and courses designed to prepare individuals to succeed in today's technological workforce;
- Continuing education, training activities and services designed to expand life skills and knowledge of our citizens, strengthen the exiting workforce, and enhance community and business development;
- Academic support and developmental education courses and experiences designed to prepare individuals for success in transfer, technical, and continuing education programs and courses; and
- Resources to promote the preservation of the Appalachian culture by stimulating artistic expression, serving as a depository for the region's history and cultural traditions, providing a forum for the arts through cross-cultural experiences, and promoting the arts in education.

Southeast Kentucky Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Southeast Kentucky Community and Technical College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

West Kentucky Community and Technical College

Mission Statement/Status of Accreditation

West Kentucky Community and Technical College is an educational institution that provides excellence in teaching and learning, promotes student success, and supports economic development.

To fulfill its mission, the college has adopted five institutional goals to coincide with the KCTCS goals. The Goals for WKCTC are to:

- Promote Excellence in Teaching and Learning.
- Increase Student Access and Success.
- Expand Diversity and Global Awareness.
- Enhance Economic Development.
- Enhance the Strategic Organization.

West Kentucky Community and Technical College is a member of the Kentucky Community and Technical College System and is a public, two-year, degree-granting institution serving the Western Region of Kentucky.

West Kentucky Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of West Kentucky Community and Technical College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Academic Programs

Transfer Curricula

- Associate in Arts
- Associate in Science

Occupational/Technical Curricula

Occupational/Technical Curricula: The program listing represents broad groups of instructional programs offered by the college. Individual certificate (C), diploma (D), and Associate in Applied Science (A) degree curricula in each group are noted by C, D, and A in parenthesis.

- Advanced Nursing Assistant (C)
- Air Conditioning Technology (C, D)
- Barber/Stylist (C, D)
- Business Studies:
 - Accounting Technology (C, D)
 - Business Administration (C, D, A)
 - Office Systems Technology (C, D, A)
- Business Studies: Realtime Captioning Technology (D, A)
- Clinical Laboratory Technology (C, A)
- Collision Repair Technology (C, D)
- Computer Aided Drafting and Design (C, D)
- Construction Technology (C, D)
- Cosmetology (C, D)
- Criminal Justice (A)
- Culinary Arts (C, D, A)
- Dental Assisting/Dental Hygiene (D)

- Diesel Technology (C, D)
- Diagnostic Medical Sonography (D, A)
- Fire/Rescue Science Technology (C, D, A)
- General Occupational/Technical Studies (A)
- Health Physics (C, A)
- Homeland Security/Emergency Management (C)
- Information Technology (C, A)
- Interdisciplinary Early Childhood Education (C)
- Machine Tool Technology (C, D, A)
- Manufacturing Industrial Technology: Electrical Technology (C, D, A)
- Manufacturing Industrial Technology: Engineering Technology (C, D, A)
- Manufacturing Industrial Technology: Industrial Maintenance Technology (C, D, A)
- Mechatronics (C)
- Medical Assisting (C, D)
- Natural Gas Technology (C)
- Nursing (A)
- Paramedic Technology (C, A)
- Pharmacy Technology (C)
- Physical Therapist Assistant (A)
- Practical Nursing (C, D)
- Radiography (D, A)
- Respiratory Care (C, A)
- Surgical Technology (D, A)
- Truck Driver Training (C)
- Visual Communication - Multimedia (C, D)
- Welding Technology (C, D)
